SCHOOL DISTRICT No. 36 (SURREY)

Re: Heather Keck

To whom it may concern:

Heather Keck has been a tremendous asset in my French classes at Maple Green Elementary since she began volunteering in my classes in March. Her excellent competency in French, strong technological skills, and willingness to actively interact and participate in classroom activities greatly benefited both myself as well as my students.

She was invaluable in my classes because she helped introduce my students to authentic French conversation through her exceptional knowledge in French. She didn't hesitate to interact with my students, was able to create fun activities that incorporated technology, and the students responded very well to her enthusiasm. The students enjoyed the games that she created and I found her use of it very effective and motivating.

Heather also demonstrated a strong sense of initiative and responsibility to the learning needs of my students and displayed a willingness to continually improve and learn from her own experiences in the classroom. She was willing to provide support to students when they were working on their final projects and continued to encourage them positively when needed.

In summary, Heather undoubtedly demonstrated the abilities, qualities and commitment that is necessary to become an outstanding teacher. She knows how to work with and learn from others. I strongly recommend that she be accepted to the PDP program at SFU. Please don't hesitate to contact me if you have any questions. (604) 790 - 7454 or Seo\_j@sd36.bc.ca)

Sincerely,

Jamie Seo
